Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Identifying students by implementing a testing and screening process across P-2.
- Reviewing student performance data regularly for identified students in P-2 in the areas of literacy and numeracy and responding with targeted intervention.
- Implementing a focused coaching and professional development program to develop improved pedagogy particularly in the areas of reading and writing. This strategy included whole school professional development and the employment of a 0.6 literacy coach.
